NEWMAN CENTER-The Newman Center attempts to provide the presence of the Church on the Fitchburg State College Campus. Located at 281 Highland Avenue, the present center was designed to be a religious, cultural, and social center for the college community.

Reverend James A. Houston and Sister Katherine McKenna have served as chaplains to the college community since September of 1974. Both are available to students for counseling and spiritual direction.

Although the Center is Roman Catholic in origin, it provides for the needs of students of all faiths. In addition to the chapel, the building houses offices for chaplains, a study lounge, and a recreation area with kitchen facilities. The original center which is located next door provides a chaplain's residence and meeting rooms.

O P

Through the efforts of its staff, the Center attempts to offer a climate where the students can raise basic questions without fear, a word which is an honest response to the student's individual needs, and a home where he or she can relax in a small informal atmosphere. The Center is open Monday-Friday, 10:00 AM to 10:00 PM. On weekends, events determine hours. Mass is celebrated Tuesday and Thursday, 4:30 PM; Saturday, 4:30 PM; and Sunday, 11:00 AM. Telephone 342-3409.

The Human Services Club

The Human Services Club aims to develop further interest in the field of Human Services. It is the hope of this club to develop services and make them available to the Fitchburg State College community as well as to the surrounding community. Membership is open to all students and faculty of the college who have an interest in the field of Human Services.

Inter-Varsity Christian Fellowship

The Inter-Varsity Christian Fellowship is one of many fellowships across the nation. We believe the following:

1. *We base our beliefs on the truth and sovereignty of God's Word, the Bible.*
2. *We believe in the mystery of the Trinity, three persons in one, God the Father, Jesus the Son, and the Holy Spirit.*
3. *We believe in the historical human Christ and in His divine resurrection as the one way for sinful man to receive forgiveness, through a personal acceptance of Christ's death, and by this acceptance to enter into fellowship with God.*

We have many plans in progress. We have a retreat planned for September. There will be mountain climbs, dinners and lots of get-together activities. We will have weekly meetings with different speakers.

Our fellowship is set up in the form of committees. They are administration, fellowship/worship, evangelism, teaching, discipleship and exhortation. All people will be encouraged to join a committee and be allowed to be as involved as much as he/she desires.

Mathematical Society

The Mathematical Society is a newly-formed association of students whose interests are in the mathematical field or related fields which rely on mathematics.

The purposes of the society include providing information to members on current mathematical topics, possible career opportunities, and future graduate studies in mathematics. In addition, the Society will organize communication and collaboration with mathematical associations at other colleges and universities, provide colloquiums, seminars and field excursions, and encourage the creation of research projects concerning significant contemporary problems which can be analyzed using mathematics and computers.

Any student with an interest in mathematics, pure or applied, is encouraged to become a member, share informal discussions, and help coordinate the policies of the Society.

Medical Technology Club

The purposes of our association are to provide Medical Technology students with an insight into their chosen field, to draw all four classes together and to keep students on top of the developments concerning Medical Technology which occur on campus, in the hospital, and elsewhere. We provide you with an insight into your field of endeavor by providing activities such as workshops on basic laboratory tests and films on everything from safety in the laboratory to how to draw blood correctly. Quite often after we have a film, workshop or guest speaker, we have refreshments and get a chance to speak to other students about their past experience which proves to be an invaluable tool in the future.

Newman Association

The Newman Association is open to any student interested in spiritual, cultural and social activities sponsored for the college community. The executive board is composed of students who wish to share in the leadership of the student community.

Some of the activities of the Newman Association are: Freshmen Party, Coffee Houses, and lectures.

Nursing Honor Society

The Nursing Honor Society is a new organization on campus; as it was established in November, 1976. Its members are Junior and Senior Nursing students with a cumulative average of 3.2 who show active leadership roles both on and off campus. Members are chosen through an evaluation by a Selection Committee composed of members and Nursing faculty. The goals of this organization, which are shared by all the members, and to which they strive, are: excellence in professional nursing and leadership in all aspects of their lives. The local chapter governs itself by an elected executive board. Because we believe that one day this chapter will be recognized by the National Nursing Honor Society, Sigma Theta Tau, the society follows its guidelines for bylaws.

The Nursing Honor Society is an active group, and by no means are its activities limited to members alone. Informal discussions, formal lectures, and campus activities are all open to all faculty and students as well as the public in an effort to provide relaxation and/or knowledge to the surrounding community.

Nursing Students Association

The Nursing Student Association at Fitchburg State College was established with the purpose of providing the students with an opportunity to apply and expand their educational experiences within the health field.

Many activities have been held in the past in order to provide health education and services for the public, and to encourage socialization among the nursing students and members of the faculty. Some of these past activities have included food and toy drives for the needy, screening for lead paint in children, and a "Cancer Day" sponsored in conjunction with the American Cancer Society, in order to educate students, faculty members, and members of the community about the prevention and detection of cancer.

Membership is open to any student attending the College, and active participation is urged for maximum benefits. Upon payment of minimal dues, each student receives a membership card, which is honored at all functions sponsored by N.S.A.

Players Guild

The Players Guild promotes interest in theater arts through varied productions including plays, musicals, mime, and dramatic reading. The group produces several large productions yearly and has established a theater consortium with Bridgewater State College.

Psychology Association

The purpose of the Psychology Association is to encourage, promote and foster an active interest in the field of Psychology among its members and among the student body in general. Membership is open to any F.S.C. student.

Sociology Club

The purpose of the Sociology Club is to promote interest in the field of Sociology, encourage individual growth, and offer an opportunity for interaction between faculty, students, and the college community as a whole.

Some of our activities include dinner banquets with guest speakers, an annual spring conference, and various other events.

Many of our current members are also members of the Massachusetts Sociological Association (MSA). They hold two conferences yearly and send out periodic newsletters.

Special Education Club

The Special Education Club offers many opportunities for college students to become involved in working with exceptional children and adults. As Freshmen, you will not be taking any professional courses, therefore, it is very important that you keep in mind the opportunities the Club can give you. We need volunteers in many areas, as well as constant input on what you would like to see the Club doing to benefit your experiences.

Some of the programs that you can participate in are: Big Brother/Big Sister - where you become the Big Brother or Sister to a special needs child. There is an Exceptional Girl Scout Troop that needs volunteers to help the girls with badges, camping trips, and other exciting activities. Once a month, there is a dance at the Templeton Colony for retarded men, which is a great time for all involved (guys included!!). Volunteers are also needed to work at a yearly Cerebral Palsy Telethon, taking pledges over the phone and raising money. The Club itself intends to run many fund-raising activities and we need all the help that you have to offer. There are Adult Education classes where you can aid in teaching social skills. We have a variety of programs to offer for anyone who is willing to get involved.

V.A.C. (Campus Voluntary Action Committee)

An organization whose purpose is to provide meaningful volunteer experiences in the Fitchburg Community through local agencies of interest to F.S.C. students. Membership is open to students of all majors in the form of administrative assistants at the beginning of each semester.

Clubs

Women's Athletic Association

The purpose of the W.A.A. is to promote interest in all women's intramural and intercollegiate sports. The group encourages all women students to try out for all sports. A welcome party is held in the fall, and information on the Association's activities is posted on the bulletin board in Parkinson Gym.

Womem's Chorus

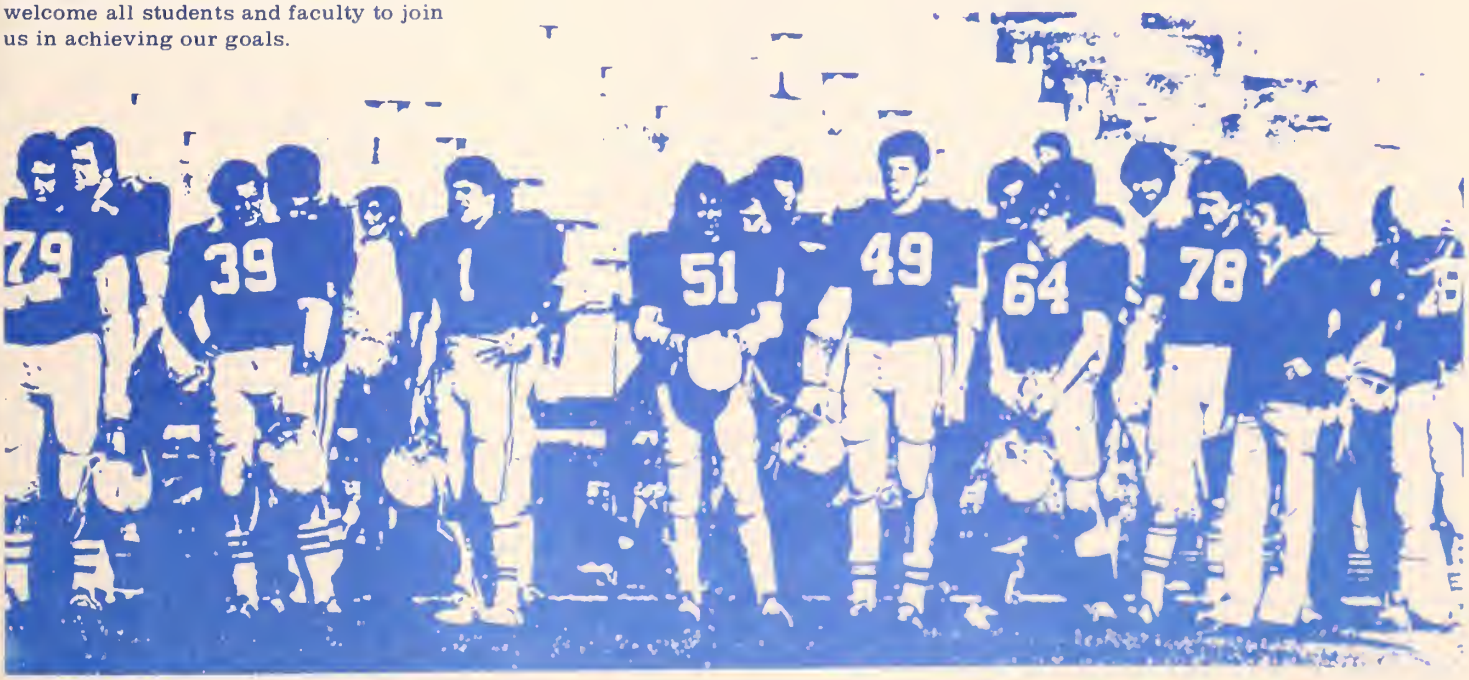
This Chorus is a group of young women meeting each Monday at 4:00 P.M. Directed by Dr. Richard Kent, their purpose is to perform at the twice yearly concerts by the Music Department, while gaining a valuable background in choral works.

Women's Co-op

Our goals are to provide friendship and support to women on campus and to strengthen channels of communication among women. We hope to accomplish these goals by involving women of the college community in various activities and providing information and support to the campus at large.

Some of our activities will include: on- and off-campus lectures, a Women's Coop newsletter, a drop-in place for women to share ideas and concerns and films. Input from women on campus has in the past and will in the future provide us with a large variety of topics. Some of these have been: health, sex stereotypes, rape, abortion, marriage and the status of women on campus.

Our organization is set up in steering committees that are responsible for events, facilities, resources and public relations. We are a cooperative group in that each member has an equal amount of responsibility for, and input into the group activities. We have many plans and expectations for next year and welcome all students and faculty to join us in achieving our goals.



Adelphians

The Adelphian Society was founded in 1949. The club was formed for the purpose of uniting girls of similar interests and objectives in a cohesive organization whose purposes are twofold: one, to further the development of the individual member by supplying beneficial activities; and two, to develop the individual to be an active and influential part of the College.

In the Fall, the Society sponsors a formal dance for its members. It also takes an active part in a wide range of sports activities, among other social and cultural activities.

Membership is open to second semester freshmen, sophomores, juniors, and seniors and is limited to fifty.

Alpha Phi Omega

Alpha Phi Omega is a national service fraternity, the only national fraternity on campus. APO is guided by the principles of leadership, friendship, and service. Aside from social activities, APO has several traditional service projects every year. They include: The Hillside School for Boys, Big Screw Contest, and the Book Exchange. APO's motto is, "Be a friend, be a leader, be of service."

Epsilon Pi Tau - Epsilon Chapter

Epsilon Pi Tau is the international honorary professional fraternity in industrial arts and industrial vocational education. It was founded in 1928 at Ohio State University to promote communication between leaders of the profession so that the profession would continue to grow and progress. It is based on three precepts, to esteem the function of skill in industrial arts and industrial vocational education, to promote social and professional efficiency, and to foster and reward research.

The Epsilon Chapter located at Fitchburg State College was founded in 1932. Apprenticeship in the organization is open to any industrial arts or industrial technology junior or senior who possesses a cumulative average of 2.7, and industrial arts average of 3.0, and passes a vote of confidence by the student and faculty members.

Esoteric Society

The objectives of the Esoteric Society are:

a. to foster greater brotherhood among its members;
b. to develop men of strong character who will accept the professional responsibilities of leadership in the college, community, and life in general.
c. to participate in intramural sports and other social organizations on this campus;
d. to propogate a feeling of fellowship toward the members of social organizations on this campus;
e. to create a more cosmopolitan attitude toward the administration, faculty, and the students of this college.

Fenwick Society

The Fenwick Society, the youngest fraternal organization on campus, was founded in 1966 by a group of individuals with the following objectives in mind:

a. to promote social unity among social clubs and student body;
b. to create better relations between students and faculty, clubs and administration;
c. to better the public image of our school and social clubs;
d. to bring more social activities on the campus;
e. to meet the needs of a growing student body;
f. to increase the academic standing of the society's members;
g. to promote healthy athletic competition.

Membership is open to all male students of the college who uphold the values and ideals for which the society strives.

Gamma Sigma Sigma

The sisters of Gamma Sigma Sigma are members of a national service sorority, the only national sorority on campus. The main objective of the sorority is to unite women interested in service, social activities, and other collegiate functions. Our motto is "unity, friendship, and service."

There are many activities throughout the year, including Spring and Fall formals, sorority activities, and get-togethers with our brother fraternity, Alpha Phi Omega. Some of our service activities last semester included a rock-a-thon for Muscular Dystrophy, working at the blood bank, and holding an aluminum drive.

Gamma Sigma Sigma is open to all second-semester freshmen, sophomore, junior, and senior girls.

Gavaleers

The Gavaleer Society is the oldest fraternal organization on campus. It was founded in 1921. Membership in the Society is open to any Sophomore, Junior, or Senior male student who meets the standards of the fraternal organization.

The Gavaleer Society was organized with the intention of supplying college social activities which would enrich the experiences of its members. The Society provides the springboard from which the members may eject themselves toward broader horizons.

Mohawks

Originally known as the Berkshire Club, the Mohawks were conceived in 1924 as an athletic club. Charted by the college in 1927, we are looking forward to our 55th year in existence and our 52nd as an "on campus club." The Mohawk Club remains as one of the more hallowed clubs on campus.

Mohawks are traditionally dedicated to unity in order to achieve high goals of: leadership and brotherhood; organization and execution of social activities; promotion of varsity sports and participation in intramural sports; and to foster improvements in professional, social and academic endeavors in and out of the college community.

Some of the club's activities throughout the year are the Annual Soccer Rally, College Roller Skating Party, lighting the campus Christmas tree, Toys for Joy program for underprivileged children, annual Talent Night for Newman Center Scholarship Fund, the Freshman Stag and donating blood to the American Red Cross.

Social Clubs

Neasylons

The Neasylon Society, the youngest Social Club of Fitchburg State, was founded in 1968. The main objective of this club is to unite all women interested in community service, social activities, sportsmanship, and other collegiate functions.

Among the various activities included are: Spring and Fall formals, intramural sports and fund-raising projects. Membership is open to all second-semester Freshmen, Sophomore, Junior and Senior women with similar interests and ideals.

Philodemic Society

The Philodemic Society is the oldest women's social group on campus. Founded in 1948, the aims of the group are to develop greater school spirit through the active participation in work, sports, and all social affairs, as well as to cooperate with civic welfare groups.

Membership is open to all second-semester freshman, sophomore, junior, and senior girls.

Tokalon Society

The Tokalon Society, previously established on campus in 1946, was recently revived in the Fall of 1978. The purpose of the Tokalon Society is to promote friendship and unity, to lessen apathy and promote a mood of cooperation among all people on our campus. The group participates in social and athletic events. Membership is open to sophomore, junior, and senior women.
